

**REMARKS**

Claims 1 and 41 have been amended herein. Claims 1-2, 16-17, 41-42 and 44 remain pending.

The claims are comparable in scope to allowed Application 09/993,070 except that the preambles of the independent claims have been amended to indicate the machine recited and the corresponding method need not be an ATM.

Applicants indicate their willingness to submit a terminal disclaimer as an obviousness-type double patenting rejection is expected.

No fee is due.

Favorable consideration of the claims is requested. The undersigned will be happy to discuss any aspect of the Application at the Examiner's convenience.

Respectfully submitted,

---
